QYZ SERIES — RIDE-ON ELECTRIC TUG

QYZ-020-LA24

2000 KG RATED CAPACITY

Seated ride-on electric tug for high-volume operations that need an operator on board all day — warehouses, ports and logistics yards.

PRODUCT PHOTO PENDING
QYZ-020-LA24

- ✓ **Seated Ride-On Operation**
  Comfortable seated position for longer routes and higher tempo.
- ✓ **Stepless Speed Control**
  Smooth, precise speed adjustment for controlled towing.
- ✓ **Lead-Acid Standard, Lithium Optional**
  Choose the battery chemistry that fits your duty cycle.
- ✓ **Manoeuvrable Despite the Capacity**
  Tiller steering keeps a tight turning circle at higher loads.
- ✓ **Fail-Safe Electromagnetic Brake**
  Automatically engages when power is off or released.
- ✓ **Quick-Swap Battery Design**
  Minimise downtime across multi-shift operations.

TECHNICAL SPECIFICATION

PERFORMANCE

Rated Load	**2,000 kg**
Rated Pulling Force	**500 N**
Max. Pull	**1,000 N**

DIMENSIONS & WEIGHT

Overall Dimensions	**1820x860x1245 mm**
Wheelbase	**750 mm**
Overall Weight	**650 kg**

POWER & BATTERY

Motor Power	**1 kW**
Battery Capacity	**107 Ah**
Battery Charger	**48 V**

Please note: The dimensions, capacities and performance figures on this sheet are drawn from NATEX's current product catalogue. Exact specifications can vary by configuration and are subject to change without notice — for confirmed, final figures for your application, please contact our team before ordering.
